### MOTION CHECKING FOR FUNCTIONING

WHEREAS there appearing to be indication of connectivity issues via this channel, Defendant, employing the scientific method of inquiry, makes this experiment to inquire whether there is indeed intelligent life on the other end.

This Motion not for the purpose of delay, but rather to stir some response, by lighting a fire under whosoever, pray not response in nature of previous court sanctions when I was last sued, such sanctions therein of \$62,885 and \$125,770, upon Motion wanting me sanctioned for me using their suit against me, “*to make a mockery of all lawyers and the entire legal system*”, and something about, “*running an organized crime syndicate in the form of a law office*”, their exact words, link to such Motion for these sanctions at:

[https://drive.google.com/file/d/1KEiYsEmTAloCSza4xdM84rVQc1j0ekcD/view?usp=share\\_link](https://drive.google.com/file/d/1KEiYsEmTAloCSza4xdM84rVQc1j0ekcD/view?usp=share_link)

And thus Defendant, unsure of connectivity, himself hand delivered, during Zoom, his Motion for Sanctions and Criminal Refer, as on 294th Youtube:

[https://drive.google.com/file/d/1QFoIP1Nlh20VhYWpOT9bju7gxf4LwntM/view?usp=share\\_link](https://drive.google.com/file/d/1QFoIP1Nlh20VhYWpOT9bju7gxf4LwntM/view?usp=share_link)

Defendant is seeking criminal refer. This Court has no investigative capability.

There is none so blind as those who will not see. These thieves are genuine First Degree Felony predators upon the elderly.
