

**APOLOGY UPON THE NECESSITY
OF MY HAVING TO MAIL EACH OF YOU
A BOX OF MY HOUSEHOLD GARBAGE**

“shame upon each of you”

To: Chris Martin, District Judge
To: Karen Wilson, District Clerk
To: Tonda Curry, District Attorney

March 1, 2021

Copy: County Judge, Court at Law, County Clerk , Commissioners Court, Sheriff

background to boxes

First, you each as actors – or more accurately as non-actors – received similar packages – as emphasis to my petitioning to honestly be heard. And in emphasis to my promise to throw a BRICK through Mr. Martin’s glass door – and in fact mailing him one – and even then not hearing a peep from the Court – nor a deputy come knocking – and having been previously informed that I would NOT be arrested – no matter how hard I tried – i.e. a common scheme for me NOT to be heard.

why these latest boxes

And upon that ‘no-action’, you EACH received your own box of carefully selected household garbage - vintage ‘The Big Freeze’ – to gradually ramp up your pain – unlike those obscene \$62,885 and \$125,770 lightning bolts upon me – out of a clear blue sky – for having made a ‘**well-intentioned**’ counterclaim – the court reporter documented it – with everybody actively concealing it ever since - COME ON FOLKS.

For details, just google on ‘why I need to get them to arrest me’ – no phrase necessary – but MUCH more focused if as a phrase – and plum spectacular if expand the image section of the Google return if search is made as phrase and ‘view all’ is clicked.

today specifics

Key issue TODAY – is all self-contained in my \$62,885 and \$125,770 unlawful judgment liens by forged fake judgments. This has become a self-documenting textbook 101 case of Penal Sect. 3.03 THEFT – and who all were and still are enablers.

the big why

Again, none of you have done anything AGAINST or UPON me and vice versa. The big question I have is WHY would EACH of you risk not to do as EACH of you have sworn.

argument and conclusion

You each can only be facilitator, or useful idiot, or both. I have truly tried to educate. And try to re-connect each of you to your conscience – including by boxes of garbage. Details my www.DamnCourthouseCriminals.com – earlier www.OpenJustice.US, just ask me, or google the below suggests.
