GREETINGS, all you honorables,

FIRST – a BIG THANKS – to whosoever at our courthouse – who arranged for the free-to-me special Go-Bus run to take me home – and / or intervened to stop my being physically pitched outside into the cold rain – at closing time – by your kind amazon bailiff.

As you may not be fully aware of, our 294th verily robbed this 84 year old - by unlawfully attaching liens to all my property – to such an extent that I do not even have a vehicle – and was forced to avail myself of a one-way only ride – into your abode – intentionally with no way home – as a more gentle alternative – on me at least – than chaining myself to one of your courthouse railings.

Plus, I am just barely coming out of COVID hibernation – although with one less little toe. Stepped on a nail in the middle of coronavirus – but now again chomping at the bits – alas with few bits left. But again, thanks for the free ride home.

For completeness, see my DamnCourthouseCriminals.com, and especially my **\$62,885 and \$125,770 unlawful property liens by forged fake judgments.**

Also my **Why I Need to Get Them to Arrest Me.** BEST GOOGLED AS A PHRASE.

I pray there be no necessity for repeats.
